Allergens

Product information, including ingredients, allergens and nutritional information, is provided by manufacturers/suppliers, and includes information from the Global Data Synchronization Network (GDSN) and other third party sources such as the United States Department of Agriculture. We know that allergen information is important to many customers so we are providing product information from the manufacturers/suppliers for the 8 most common allergens identified by the FDA.

IMPORTANT: We know that allergen information is important to many customers so we are providing this tool to help sort products based on product information provided by suppliers.* Products that the supplier has designated as contains or may contain for the selected allergen(s), or that the supplier has not provided data for the selected allergen(s), will be excluded from your search results. This may not cover potential cross-contact risks or alternate forms of the allergen(s). Please always review the complete list of ingredients and allergens on our product page and on the product packaging delivered to your business.

*Allergen information for third-party branded products is obtained from the Global Data Synchronization Network (GDSN).
